7 retary for treatment of such disease or  
8 condition.

9           “(ii) The application described in  
10 clause (i) has been granted priority review  
11 or has received fast track or breakthrough  
12 therapy designations by the Secretary as  
13 described in section 529(a)(1) of the Fed-  
14 eral Food, Drug, and Cosmetic Act (21  
15 U.S.C. 360ff(a)(1)).

16           “(C) DEADLINES FOR PRIORITY RE-  
17 VIEW.—The Advisory Committee on Heritable  
18 Disorders in Newborns and Children shall vote  
19 on the nominated condition that is under pri-  
20 ority review within 8 months of the later of—

21           “(i) the date on which the Advisory  
22 Committee refers the nomination to the  
23 condition review workgroup; or

24           “(ii) the date of the approval, by the  
25 Food and Drug Administration, of the

1                   treatment associated with the nomination  
2                   to the recommended uniform screening  
3                   panel.

4                 “(D) FAILURE TO ACT.—If the Secretary  
5                 fails to act on a recommendation within the  
6                 time period provided for in paragraph (1), the  
7                 Secretary shall adopt the recommendation and  
8                 include the screening recommended by the Advi-  
9                 sory Committee on Heritable Disorders in  
10                Newborns and Children in the recommended  
11                uniform screening panel.

12                “(E) OTHER REVIEWS.—For each nomina-  
13                tion to the recommended uniform screening  
14                panel that does not meet the criteria of sub-  
15                paragraph (B), the Advisory Committee on  
16                Heritable Disorders in Newborns and Children  
17                shall provide for a review and vote on the nomi-  
18                nated condition that is under review within 10  
19                months of the date on which the Advisory Com-  
20                mittee referred the nomination to the condition  
21                review workgroup.”;
